

MODELLO E10
Cod. 363A0100

ABBATTITORE – SURGELATORE
10 teglie gn 1/1 – 10 teglie 600x400

BLAST CHILLER/BLAST FREEZER
10 trays GN 1/1 – 10 trays 600x400

E10

Semplice da usare e con performance superiori alla media. Completamente in acciaio Inox AISI 304, interno cella di grandi dimensioni, evaporatore trattato con verniciatura atossica in cataforesi, Elettronica completa e funzionale: Abbattimento SOFT o HARD e sistema HACCP con memorie, programmi a tempo o a sonda a cuore (su richiesta). Setpoint di lavoro -40°C

E10

Easy to use and with performances much higher than average Manufactured entirely in stainless steel inox AISI 304, inner room with big dimensions, evaporator treated with non-toxic protective coating Operational and complete electronics: SOFT AND HARD blast chilling and HACCP system with memories. To be programmed by time or core probe (on demand). Working setpoint -40°C

CAPACITÀ/Capacity	10 TEGLIE EN 600X400 / 10 trays EN 600x400 10 TEGLIE GN 1/1 – 10 trays GN 1/1
RESA/Performance	ABBATTIMENTO/Blast chiller 90°C +3°C = 28 Kg SURGELAMENTO/Blast Freezer 90°C -18°C = 18 Kg
DIMENSIONI ESTERNE External dimension	L:820 P/d:800 H:1750 mm
DIMENSIONI INTERNE Inner dimension	L:700 P/d:450 H:1000 mm
TENSIONE /Voltage	400V/3Ph/50Hz
POTENZA ASSORBITA Power consumption	3,44 Kw
GAS	R404a
PESO/Weight	190 Kg
SBRINAMENTO/Defrosting	MANUALE / Manual
